

5 August 1952

MEMORANDUM FOR: Assistant Director/Personnel

SUBJECT: Requesting Assignment of Military
Personnel by Name

25X1A

1. () Subject: Name Requests for Military Personnel, was issued pursuant to instructions issued personally by General Smith. I don't understand why, if properly administered, it won't work as well as the proposed notice. This permits us to make suggestions without actually making a name request.

2. In view of the fact that changing this would require General Smith's personal approval, I should like to ask you to review this and, if you feel strongly that we should change our present system, please discuss it with me at your convenience.
